

WTERT-ASIA INAUGURAL MEETING

Tower B3, Jiulong Lake Everbright Envirotech Building Nanjing, China

APRIL 2017

Mr. Sergio G. Ribeiro Av. Lucio Costa 4000 apt 103 Block 5 Rio de Janeiro , RJ Brazil

Date: 20 March, 2017

Dear Mr. Ribeiro,

On behalf of China Everbright International (CEI) and WTERT-Asia, it is my pleasure to invite you to attend the Inaugural Meeting of WTERT-Asia that is to be staged from 26 April to 28 April, 2017 at the Everbright Envirotech Building, Jiulong Lake in the City of Nanjing, China. Your expertise and insights on waste management would make a significant contribution to the vibrant discourse the meeting aims to stimulate.

Founded at Columbia University, New York, in 1999, WTERT is a global network to promote energy and materials recovery from wastes. WTERT aims to bring together engineers, scientists and managers from industry and academia to identify and advance the best available Waste-to-Energy (WTE) technologies for the recovery of energy or fuels from solid wastes. With partner organizations in a number of countries including the United States, United Kingdom, Germany, Canada, Brazil, Greece, Italy and now nations across Asia, WTERT is a global resource for those looking to learn more about WTE, its use, and its role in society.

The WTERT-Asia is a sister organization of WTERT and is to be founded to promote sustainable energy generation and waste management in the region. The membership of WTERT-Asia will include heads of various WTERT organizations in Asia and others who are interested in the application of modern waste management technologies in Asia, or in transferring Asian technologies to other parts of the world.

We very much hope that you will be able to participate in the WTERT meeting series, which in the past included many distinguished speakers in the industry and academia. Should you be able to accept this invitation, we will cover your accommodation expenses.

We look forward to hearing from you and hope to have the opportunity to welcome you at WTERT-Asia Inaugural Meeting.

Yours sincerely,

CHEN Xiaoping

Chief Executive Officer

China Everbright International Limited
